

SERMON TITLE:

Built on Christ

Acts 4:1-37

SERMON SUMMARY:

As we carry the torch of Christ's Church forward into a new year, what does that need to look like? How are we to proclaim the truth of who He is to a world that is as lost and confused as ever before. Today let's look at how the early church dealt with the same questions. Let's model ourselves after the humility they showed and watch how God will further His Kingdom.
